

3R-NETWORK
BADEN-WÜRTTEMBERG

THE 3R LÄND

Towards the future of biomedical & pharmaceutical research with Organoid, Organ-on-Chip and In Silico models

SESSIONS ON:

- Innovation in Organ-on-Chip models
- Innovation in Organoid models
- Innovation in In Silico models
- Application of NAMs for personalized medicine
- Training and Education for NAMs
- Use of NAMs in industrial research
- NAM-based basic biomedical research
- Ethical considerations around microphysiological systems

May 21st - 23rd, 2024
in Tübingen, Germany
